## UNITED STATES. DEPARTMENT OF THE INTERIOR

Mr. Leo Gilroy, Foreman State Fisheries Station Big Timber, Mont. OFFICE OF INDIAN AFFAIRS
FIELD SERVICE Crow Indian Agency

Crow Agency, Mont. Sept. 7, 1943

Dear Mr. Gilroy:

We have your letter of August 27th in which you state that it may be possible to

allot us about 30,000 Native Black Spotted trout.

The Pryor district in the past has not received their proportionate share of the allotments, so we are wondering if it would not be possible to deliver the fish to Pryor and deposit about 5,000 in Lost Creek, 15,000 in Upper Pryor Creek and 10,000 above Indian Springs on Sage Creek. This would shorten the drive considerably for you and would enable you to return as far as Billings, at least, on the day's drive. If you could arrange to do this, you could contact either Mr. William Adams, our Ditch Rider at Pryor, or Mr. Elkin Standsoverbull, the Indian Policeman, and either of them could show you where to take the fish. All of these deliveries could be made by truck. If this is not satisfactory with you, please advise, and we will endeavor to make other arrangements.

Poht. Vellowtail. Supt.
